Chamber's Economic Forecast Luncheon features Charlie Conner, owner/president of Conner Homes Co., Inc.

*Charlie Conner,
owner/president of Conner
Homes Co. Inc.*

The Renton Chamber of Commerce will host a luncheon with Charlie Conner, Renton native and owner/president of Bellevue-based Conner Homes, Co. Inc. on Wednesday, November 7 at 11:30 am at the Holiday Inn Renton, located at One S Grady Way. The cost of the luncheon is \$35 per person. Guests can register online at www.GoRenton.com or call 425-226-4560.

During an interactive presentation, Mr. Conner will discuss the impact that residential real estate has on Renton's overall economic development, both today and well into the future. As the builder of more than 5,000 homes in neighborhoods throughout central King County,

Conner has experienced, first hand, the positive effect that well-planned neighborhoods can have on the growth of the retail and commercial-office marketplace.

With a brand new Conner Homes luxury lakefront Barbee Mill community underway, not to mention numerous other neighborhoods being planned for the area, Renton is poised like never before to attract families, individuals and corporations seeking to invest in this burgeoning community. Conner will share economic-based anecdotes from his decades of experience creating high-quality homes and neighborhoods, and will shed light on various growth opportunities, both realized and unforeseen, created by new residential construction.

The Chamber's 2007 Economic Forecast Luncheon is sponsored by: Presenting Sponsor: **First Savings Bank**; Gold Sponsor: **Waste Management**; and Silver Sponsors: **Kenworth Truck Company, Renton Technical College** and **The Business Report**.
